Double win – Trade magazine "Werkstatt aktuell" readers' choice 2020 awards MAHA and ATT

Germany's workshop and service experts have voted "The Best Brands 2020" for the seventh time. MAHA once again wins in the "Lifting systems and Wheel engagers" category and the newly acquired subsidiary ATT is also honored by the readers in the "Pits" category.

Haldenwang, 27 August 2020. Every year "Werkstatt aktuell" searches for the best in their industry in the areas of service and after-sales. A total of 93 manufacturers, which are divided into 15 product categories, are available for selection. Among these, the readers of the trade magazine determine which is the most powerful lift or the most stable starter battery and distinguish the brands that are most reliable in the workshop business. The readers' judgement meanwhile has become established and is recognized in the market as a reliable indicator.

"We are very pleased about the repeat award for our brand. The market thus confirms its confidence in the quality of our products "Made in Germany" - "Made by MAHA". On top of that, we are proud in two respects, because our newest member, the ATT brand, was also awarded by the readers in the category 'Pits'. A good start into a successful future", says Stefan Fuchs, Managing Director of MAHA Maschinenbau Haldenwang GmbH & Co. KG.

The list of results is available for download at www.eurotransport.de/weabb (in German only). The exact evaluation will also be published in the 03/2020 edition of "Werkstatt aktuell".

MAHA – an overview:

MAHA Maschinenbau Haldenwang GmbH & Co. KG is one of the world's leading manufacturers of workshop and vehicle inspection equipment. As a company with an international outlook, MAHA operates two production sites in Germany and the USA and a global sales and service network in over 150 countries. The company employs a total of more than 1,000 staff worldwide and generates sales of approximately €150 million.
